

14 April 1955

Mr. W. J. Baggerman
751 Radcliffe Avenue
University City, Missouri

Dear Mr. Baggerman:

The Oklahoma Association of the Deaf will hold its convention this coming August 5-6-7 at Shawnee, with headquarters at the Aldridge Hotel.

The banquet is for the evening of the 6th. The pictures of Miss Yetta and Miss Frances will be unveiled and officially presented to the school. We are wondering whether you could be with us for the occasion.

The Association, none too rich, could furnish you with all accommodations other than your railroad fare, and it would be an honor to have you with us for a small part on the program.

I have been asked to contact you. You will have ample time to give this matter thought. We do not know of any close relatives of Frances, so we are not trying to contact any one on her side.

Mrs. Griffing and I were in Austin Easter Sunday and we called on the Blattners. Mrs. Blattner is 90. She is senile but in very good health, all things considered. Thought you might like to know this since Yetta was always so close to them.

Yetta was a wonderful person. She did a great deal for me while I was a pupil and I shall forever be grateful to her and her memory. I am glad the Association is recognizing her in a small way and I hope that soon we can have a bronze plaque for her and for Frances, along with the one we now have for Dr. Blattner.

Write when you have time. With kindest regards and all good wishes, I am,

Sincerely yours,

W. T. Griffing
