

Wm. F. Baggerman
20 Briarwood Lane
St. Charles, Mo. 63301

Reside at the above address with wife Jean and five children. Born in St. Louis, Mo. May, 1913. Have resided in St. Charles County since May, 1951 and in the City of St. Charles since 1963.

Occupation, real estate management, through self owned company, Modern Management Co., 3560 DeHart Place, St. Ann, Mo. 63074.

Presently serving the second year of my fourth term as a councilman of the City of St. Charles. Served one year as chairman of the Accounts Committee. Presently serving my fifth year as Chairman of the Ordinance and Printing Committee.

In 1971 was appointed to a three year term as member of the Advisory Council of the Small Business Administration for Eastern Missouri.

Presently serving as a member of the St. Charles County Central Republican Committee. Previously my wife served on the County Republican Committee and the Missouri Republican State Committee. She is now a member of the Missouri Republican Finance Committee.

In 1962 I was a candidate for state senator in the old 20th Senatorial District which included the counties of St. Charles, Franklin, Gasconade, Osage, Warren and Montgomery. The successful Republican candidate was the present Senator Don Owens. The other candidates in the primary were George Hollmann of Warrenton and Murray Colbert of Montgomery City. I finished second to Senator Owens in the district, however in St. Charles County I received approximately 1100 votes; Hollmann 300; Colbert 300 and Owens 125. In my then home precinct of Augusta I received 128 votes; Hollmann 2; Owens 1; and Colbert none.

When a candidate for my first term on the St. Charles City Council, I ran against a several term incumbent and received 65% of the vote cast. For the following three terms I was unopposed.

I am now serving as a member of the board of directors of the St. Charles County YMCA; have served as president of the St. Charles County Historical Society; chairman, St. Charles County Lewis and Clark Trail Committee; chairman of the three-county, Daniel Boone District, Boy Scouts of America and a member of the board of directors of the St. Charles County Chamber of Commerce.

My wife and I, also several of our children, worked actively in the Bond Campaign for Congress, Auditor and then the campaign for Governor. Our daughter Jane worked actively in the county campaign for Auditor and Governor and during September and October was youth chairman for Bond in St. Charles County.

August 14, 1970

When the chairman of the County Republican Committee is elected at the Court House on Tuesday evening August 18th, I hope you will agree with me that emphasis on the election of our county candidates should be considered to be the most important duty of the new chairman and that a stance must be taken in the campaign that will appeal to independent and Democratic voters.

A few years ago I was one of four Republican primary candidates for state senator in the former 20th District. I finished second to the now Senator Don Owens, but ahead of the other two candidates who had previously either campaigned for or held state-wide political office. I learned a lot campaigning over this six county district from February to August. I think I understand the point of view and needs of our candidates.

In the matter of an effective appeal to independent and Democratic voters in the coming campaign I would like to cite my five year term of service on the St. Charles City Council. I am now serving my third term. With ten members on the council, I am one of three identifiable Republicans. I've learned to work constructively with this kind of lopsided majority. Two weeks ago I introduced a sixteen page "Subdivision Ordinance" which will do much to promote more orderly growth of the city. Had this ordinance been in effect during the past five years the city would have avoided the cost of \$90,000 spent on bridges. When the vote was taken on my ordinance, all seven councilmen then present voted "aye". We have to face the fact that we are a minority party in St. Charles County. I know what it takes to win under these conditions.

For those who I have not met previously I want to mention that from 1951 until 1963 our home was at Augusta in Femme Osage Township. During most of those years my wife Jean was a committeewoman from that township. Those who were on the committee during the Eisenhower terms will remember the Republican rallies with the German band we held in the wine cellars at our home and the crowds of near 500 persons who would attend.

When the vote is taken to elect a chairman and vice-chairman, I ask your vote for chairman of the St. Charles County Republican Committee and your vote for Miss Billie Meers as vice-chairman.

Sincerely,

William F. Baggerman
